

Youth Interfaith Representative

All the churches in the Chathams combine to form the Youth Interfaith Council (YIC.) On Martin Luther King Day we run two events – one for junior high youth and another for High School Youth. High school teens can help run the junior high event – creating 300 sustainable lunches for Bridges. Or, they can take a short trip to a hard-hat area, either through Habitat for Humanity or another organization and swing a hammer (or something similar) to help build a house.

There are also other events that go on through YIC such as: Chatham High School Baccalaureate, Interfaith retreats, and scavenger hunts for the economically poor.
