

# Children's Specialized Hospital

About 6 – 8 times during the course of the school year, on either Saturday or Sunday afternoons, there are visits to the Children's Specialized Hospital – a place where young people are who need extra care. We usually spend one hour playing games or doing arts and crafts with the residents.

This is a very fulfilling and rewarding experience for all those who attend. Generally, it is a small group that goes each time, accompanied by an adult.
