

Christmas-In-A-Box

Generally the first Sunday in December the gym turns into Santa's workshop to wrap the myriad of gifts donated by parishioners that will be brought to the economically poor in the inner cities of the diocese.

Everyone gets on board at about 8:00 am (although anyone is welcome to come at any time,) and works through Noon, wrapping gifts, boxing them, and addressing them to families. Then there is a small crew of "strong arms" who come in at around Noon to help load the trucks.
