

Neighborhood Action

In Neighborhood Action, each teenager is on his or her own. There are all kinds of people in the neighborhood – some are elderly, others have a lot of children, still others may be incapable of keeping their home up, or might need a favor. The work is only limited by the needs out there – raking leaves, shoveling snow, running to the store to pick up some food, making dinner, babysitting – anything works.

The punchline, is that whatever service is done, the teen cannot accept money, because then it becomes a job. So, whatever is done for free, from the goodness of the heart, and in answer to the call of Jesus to do for others, works.

If you expect to do this, just check it off on the Confirmation Registration form so that it is known that this is your plan. Then, just do the work, and ask your neighbor to sign off for you on the blue sheet.
